Standard Notes Sui version 2.2 Beta - [download click here](#)  
Demo Notes Sui version 2.2 Beta - [download click here](#)

Demonstration practise files

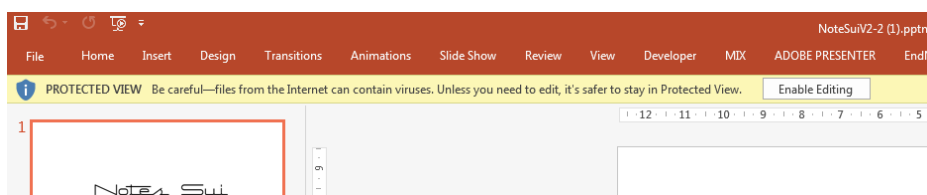

Click the download

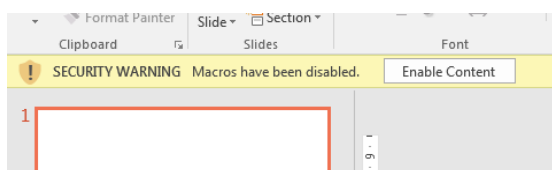

In your download folder select the add-in and open the file.

Enable editing if required.

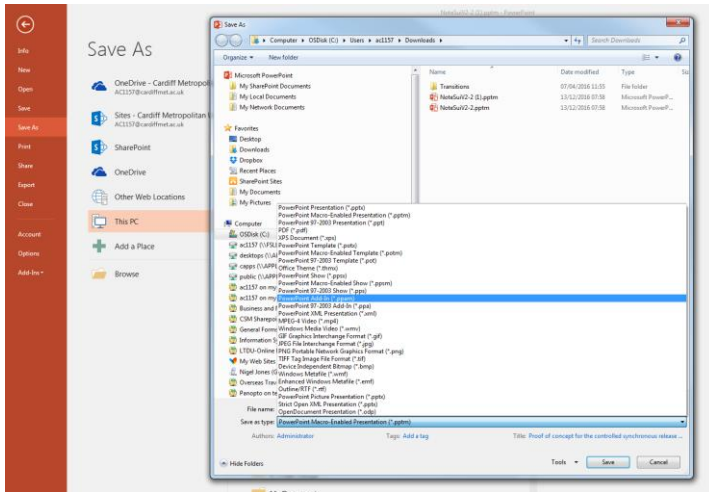

Enable Macros if required

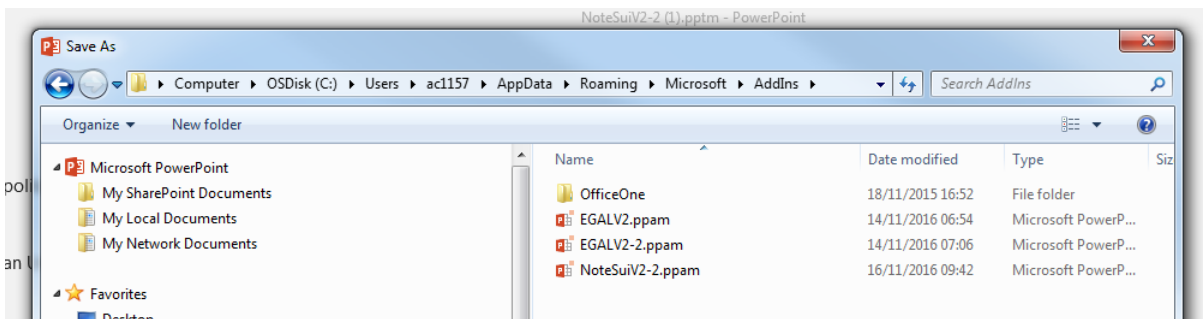

Save as with file type of "PowerPoint Add-In (\*.ppam)". This should automatically default to the Microsoft Add-ins folder.

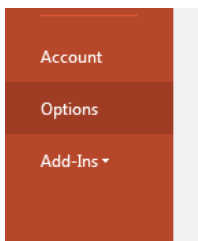

Download and Install Notes Sui PowerPoint add-in

In the folder you should see any PowerPoint add-Ins related to your PC.

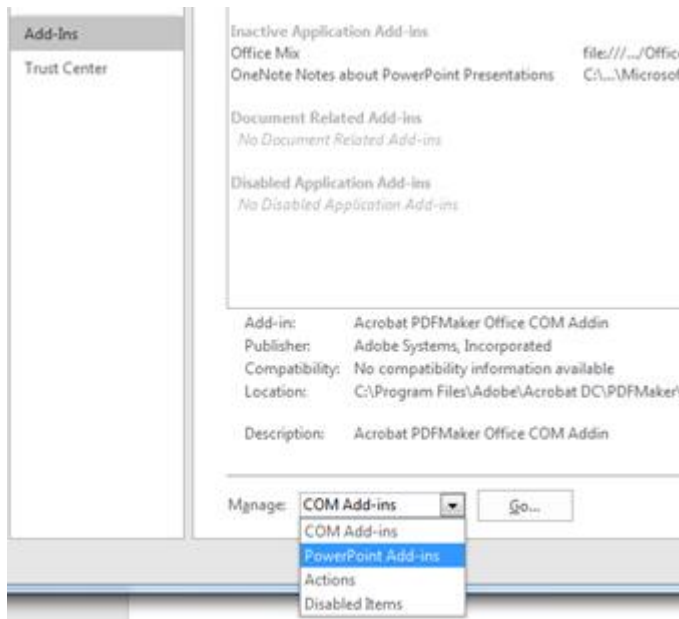

Click on options to see the options menu

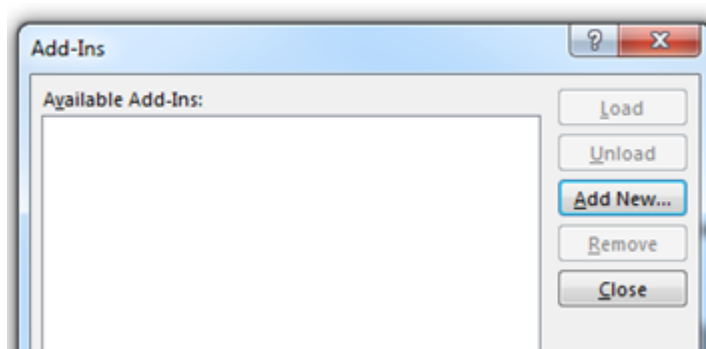

Click on “Add-Ins” and select PowerPoint Add-Ins from Manage and click on “Go..” to reveal the Add-Ins dialogue

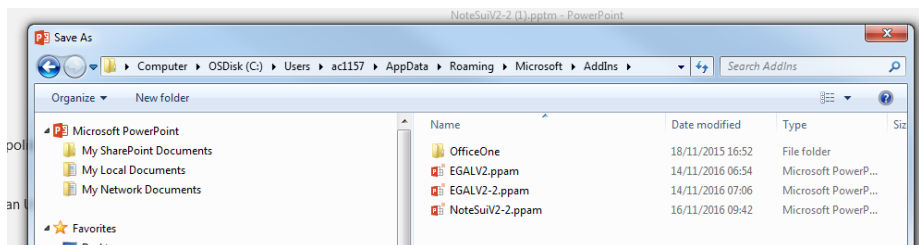

Download and Install Notes Sui PowerPoint add-in

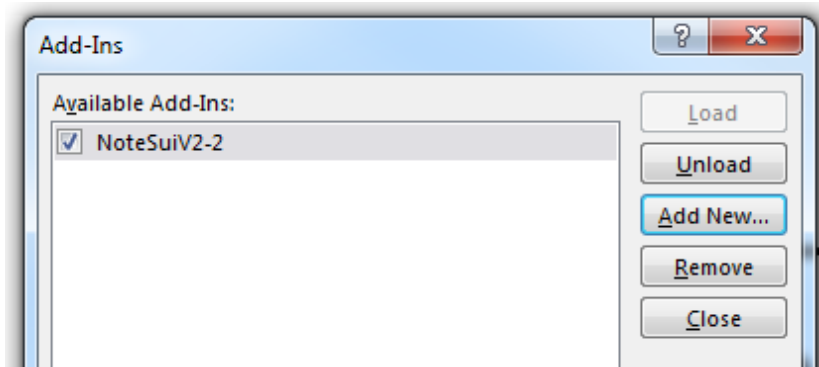

You may find you need to remove a previous version. Select the item and click remove before adding new versions.

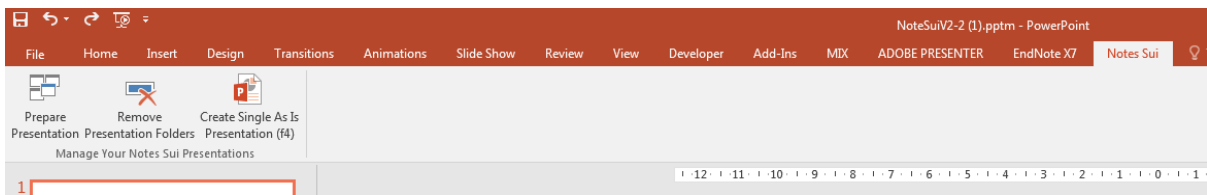

Select Add New... and locate the Add-in file from the Microsoft AddIns folder

Download and Install Notes Sui PowerPoint add-in

Close the window and you should find the “Notes Sui” tab in the PowerPoint ribbon.

Close PowerPoint without saving.

Reopen PowerPoint and you should see the Notes Sui tab will appear until you remove it from the Add-Ins options.

Well Done you have installed Notes Sui.
